

# NORTH NORFOLK ENVIRONMENT FORUM

You are cordially invited to attend North Norfolk District Council's Environment Forum to consider how best to work together to benefit and protect North Norfolk for the future.

North Norfolk District Council is committed to developing and delivering an Environmental Charter with the aim of becoming a leader in meeting high environmental and energy standards.

Members of the public are invited to drop in between 2pm – 5pm when Council Members and staff will be on hand to talk about how the Council is looking to tackle local and national environmental concerns and what steps it has already taken to address climate change.

**An evening session to be held from 6pm-8pm will feature key speakers and a policy workshop. Those wishing to attend the evening event are required to RSVP to: [Democraticservices@north-norfolk.gov.uk](mailto:Democraticservices@north-norfolk.gov.uk)**
